OUR PEOPLE

European Young Bar Association

The **EYBA** is a European non-profit Association founded over 27 years ago, in Prague. It brings together young bar associations from across Europe in one organisation, currently representing thousands of young lawyers, organising conferences, events and networking sessions with the aim to keep them updated and increase their contacts with colleagues.

The EYBA is founded on key fundamental principles such as democracy, human rights, access to justice and the rule of law.

OUR MEMBERS

REFLECT DIVERSITY

EYBA members comprise individual and young bar Associations. They reflect the diversity of modern European legal practice, including young lawyers in a variety of full-service global, regional and national law firms, members of leading independent law firms, and public sector lawyers working for their governments.

BY NUMBERS

The EYBA count more than 25 national young bar associations, more than 200.000 young lawyers represented, from more than 20 countries, whose representatives can meet at our 3 main events organised annually across Europe.
