Working with other organisations to promote the rule of law through our human rights committee.

1

Exchange with international bar associations and other lawyers organisations on the main developments in the legal profession and how to best ensure and promote the rule of law together with the IBA, ABA, CCBE and UIA.

3

Organise the second annual Rule of Law Webathon to promote the universal commitment of the world's lawyers to the Rule of Law together with the UIA, ABA International Law Section, Law Society of England & Wales and Inter-American Bar Association. This year's 24-hour Rule of Law Webathon will focus on how economic and social development interrelates with the Rule of Law.

2

Promote and support international advocacy initiatives and petitions to ensure that lawyers are free to carry out their professional duties in safety and without fear.

4

Provide a discussion platform on the rule of law and the independence of the legal profession during our annual flagship events: the half-year conferences and the congress.
